## DAWSON RESUMES INDOOR WORK

After two or three days of forced absence from indoor work, due to the difficulty experienced by Manager Tommy Walker in securing adequate training quarters, Tommy Dawson yesterday donned the gloves again in the new training quarters over the Ranch saloon and boxed a number of fast rounds with his sparring partners, the Tennessee Kid and Kid Herick. Manager Frank Armstrong, who looks after the interests of Pete Sullivan, the clever Fall River lightweight, who will be Dawson's opponent in their coming 20-round bout on March 23, which, according to present arrangements is to be staged in the Ogden theater, was a spectator. He has been hearing of the good form shown by the little Irish lightweight and decided to come up and see for himself just what sort of a proposition Sullivan would have to handle when he climbs through the ropes the latter part of the month with Dawson.

Armstrong was impressed with the work of the Irish scrapper and believes that Ogden followers of the boxing game will see a bout worth while when the two boys come together. Dawson skipped the rope and did only a little boxing while Armstrong was present. Just who will be seen in the preliminary contest is causing speculation, although it has been announced by the backers of the match that Tennessee Kid would be one of those chosen, with some other local favorite, as a post scribe opponent. Reports are heard that R. A. Grant, who is managing the affair, is endeavoring to secure

## Sore Throat

Colds, Coughs, Croup and Catarrh Relieved in Two Minutes.

Is your throat sore?  
Breathe Hyomei.  
Have you catarrh?  
Breathe Hyomei.  
Have you a cough?  
Breathe Hyomei.  
Have you a cold?  
Breathe Hyomei.  
Hyomei is the best remedy for all nose, throat and lung troubles. It does not contain any cocaine or morphine and all that is necessary is to breathe it through the little black pocket inhaler that comes with each outfit.

A complete outfit costs only \$1.00 at druggists everywhere and at **BADCON'S PHARMACY**, and Hyomei is guaranteed to cure catarrh, croup, coughs, colds, sore throat and bronchitis or money back. A Hyomei inhaler lasts a lifetime and extra bottles of Hyomei can be obtained from druggists for only 50 cents. Sample of Hyomei and booklet, free. Address: Booth's Hyomei Co., Buffalo, N. Y.

allow your grocer to send up any flour but

## PEERY'S CRESCENT FLOUR

Make him understand that your standing order is for Peery's Crescent Flour because it bakes the most and the best bread!

"Peanuts" Sinclair, the clever Salt Lake feather weight, and Kid Erlenborn, the Colorado boy who is making such a good showing in the short bouts in the Capitol City, for the opening bout, but so far nothing but rumors have been heard in this connection. That a meeting between the two clever featherweights would add considerable interest to the contest cannot be denied, but it is the opinion of many interested parties that Sinclair and Erlenborn could draw a good house as the windup. The Tennessee Kid, in his daily work-outs with Tommy Dawson, has surprised even his friends by the ability he has shown to stay with the Irish lightweight on his most strenuous road stunts and hill climbing.

## MRS. KETCHAM GIVEN A FINAL DIVORCE

On motion of A. E. Pratt, attorney for the common law, Mrs. Ketcham was granted a final and absolute decree of divorce in her case against her husband, Clifford A. Ketcham. The Interlocutory decree was granted on September 13, 1909. Ketcham is granted the household furniture and chattels in addition to absolute divorce.

## Would Submit Bill to Friends

Washington, March 17.—To have the administration railroad bill amended by its friends rather than by senators who have assailed its provisions, senate leaders and attorney General Wickersham conferred for two hours after the senate adjourned tonight. That a number of changes will be urged as a result of this conference was admitted tonight.

The meeting was attended by Attorney General Wickersham and Senators Aldrich, Hale, Carter, Cuthland, Flint, Eldrich, Kean Crane and Root.

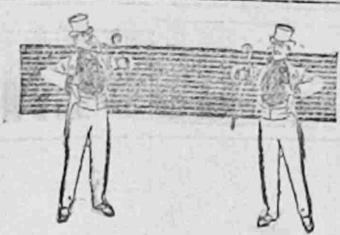

The senators scouted the suggestion that the session was the result of the attack upon the majority of the interstate commerce commission all along to draw the fire of the opponents favorable before proceeding to amendments.

Probably the most important modification considered would give the interstate commerce commission undivided control of traffic agreement between railroad companies if it is found that is not already covered in the bill.

## STRIKE TAKES IN REST OF STATE

Philadelphia, March 17.—Nothing definite having been accomplished by the several conferences held today by persons interested in trying to bring a settlement of the street car men's strike, the committee of ten announced tonight that E. E. Greenawald, president of the State Federation of Labor, would call the state-wide strike Monday. The labor leaders announce that they have already received assurance that Pittsburgh, Erie, Scranton and Wilkesbarre as well as a number of other points in the state will join the movement.

Garry, Ind., March 17.—Four persons were killed and several injured in a wreck on the Chicago and Southern railroad at the outskirts of this city today. The wreck was caused by the engine jumping the track. The fireman and one of the brakemen and two unidentified women were killed.

Superiority is a question of degree. Some men are big because other men are little.

## IMPERIALES CIGARETTES

excel through comparison. Of course there are others but none as good—everybody says so.

10 for 10 cents

THE JOHN BOLLMAN CO., Mfrs.

## BANQUET AT METHODIST CHURCH

With Dr. E. P. Mills presiding and more than 150 members of the Laymen's missionary movement and their supporters and well-wishers seated at four long tables, tastefully decorated, in the basement of the Methodist Episcopal church last night, the first banquet of the Laymen's movement in the world-wide evangelistic movement started recently by the visit of missionaries from practically every country on the globe was held, under the auspices of the Sunday School committee.

A menu containing many of the delicacies of the season and what was relished more by the large attendance, an abundance of plain home fare, was served by a number of the ladies of the Sunday School committee commencing at 6:30 o'clock and finishing at about 7:30 o'clock, after which Dr. E. P. Mills neatly started the evening's program by requesting all present who appreciated the efforts of the ladies to stand, and then suggesting that all join in the opening hymn.

Following the conclusion of the singing Dr. Mills made a short address in which he brought out a beautiful simile of the present movement to go forth and convert the world and an incident occurring after the death of Robert Bruce, famous in the history of Scotland. Dr. Mills told how Bruce, on his death bed, sent for Black Douglas, his trusty lieutenant, and requested that his heart be removed and embalmed after his death and conveyed to the Holy Sepulchre of Christ. Douglas complied with the request of his lord, and while on his way through Spain was set upon by a band of Moors who outnumbered the Christian forces greatly. Seeing no hope of escaping, Douglas took the casket containing the heart of Bruce from his breast and hurling it into the advancing company of Moors, shouted, "Soldiers of Scotland, the heart of Robert Bruce! Will you get it?"

Dr. Mills then told how the Scottish company completely annihilated their enemies, and said that the heart of Christ is waiting for the Christians of today to go forth in His work and evangelize the world.

**Report From India.**  
Homer A. Seip was introduced by Dr. Mills, and taking as his theme the work of a native missionary in India, from the title, "Personal representation" on which he was scheduled to speak, delivered an interesting address on how he came to be represented in India by a native preacher, whom he supports. Mr. Seip exhibited and read a letter from his representative in India, telling how he, in company with his wife and mother and child, worked steadily in the villages of the natives, accomplishing many conversions and baptizing in one month alone more than twenty-eight people into Christianity.

For the support of this native missionary Mr. Seip pays quarterly \$10, sending it direct to India, or \$49 yearly, and he voiced an earnest plea that more Christians either take this method of following out the instructions of Christ or give liberally to the funds now being raised by the various churches.

**The Paying System.**  
Following the conclusion of Mr. Seip's remarks Dr. Mills gave all present the opportunity of asking questions and then introduced B. E. Newton, who spoke on "Christian Stewardship," in the course of his address strongly advocating the adoption of the tithe paying system of giving for the support of the church and foreign missions, citing many convincing examples of success among churches and congregations which have accepted this system.

Special interest was taken in the remarks of Mr. Newton when he spoke of the amount which would have been realized by the five churches of different denominations represented at the services last night had this system been in use last year. Where something like \$22,000 was collected, according to Mr. Newton, the sum which would have been realized under the tithe system of paying one-tenth of all earnings into the church, taking an average from figures obtained from the Methodist church, of which the speaker is a member, would total approximately \$187,860. Mr. Newton strongly advocated the adoption of this system, saying that the instructions of Christ are that all shall pay to Him one-tenth of all his possessions, and that all who do not have been called robbers.

**World-Wide Opportunities.**  
Mr. Newton was followed by Joseph Chez of the Presbyterian church, who spoke briefly on "Our Opportunities," drawing a vivid word picture of the opportunity now offering Christians to send agents of Christ among the unenlightened of foreign lands, and predicting that the world would be thoroughly converted and evangelized in the present generation if every one would do his or her part in the great work of saving souls. After Mr. Chez had concluded Mr. Seip took

## JURY DISAGREES IN MILK CASE

After considering the evidence in the case of the state against Thomas Brown, charged with selling milk below the standard prescribed by law, the jury returned yesterday afternoon at 5 o'clock and announced that they had failed to agree.

Brown was arrested on March 5, for selling milk to A. D. Garner, which is alleged by State Food and Dairy Commissioner Willard Hanson and State Chemist Harms, who were in the city yesterday as witnesses in the case, to contain less than 3.2 per cent butter fat and 12 per cent solids, as called for by the state law. The first charge filed was dropped after his attorneys recently filed a demurrer claiming that sufficient facts to constitute an action had not been stated, and the demurrer was sustained by the court.

An opportunity to file another complaint was given the state however, and yesterday Brown was brought up to answer before the court. Brown testified, as did his son, that the milk sold Garner on the morning of March 5 had not been watered or in any other way adulterated while in his possession, and claimed that if the test showed his milk to be below standard it was the fault of the cow. State Chemist Harms admitted that it was possible for a cow to give milk which would test less than the standard, but that in this case he thought the cow was in proper condition to furnish milk which would meet all the requirements of the law. It was also brought out that the defendant was at liberty on the morning the milk was sold to Garner.

In a spirited discussion between Deputy Inspector H. A. Smith and Brown, while the interested parties were awaiting the decision of the jury, Brown contended that if he or another owned a cow and some person applied to buy milk, which later proved to be less than the standard, and the person purchasing was satisfied, he did not think the law had been violated. Deputy Inspector Smith endeavored to show him that it was his place to see that his goods were as required by law before selling them. Brown suggested that the state provide inspectors to make tests on all cows in the state and advise the farmers and dairymen if their milk is not up to standard, and could not be convinced that it was his place to look after his own property. Commissioner Hanson and Chemist Harms returned to Salt Lake last night, after announcing that they intend to fight this and other similar cases to the bitter end in order to see that all milk sold is up to the test required by the state pure food law.

## GET FREE TICKETS

To the Ogden Theater for Any Show This Month—Two \$1 Tickets by Paying Your Subscription in Advance.

To all persons paying three months' subscription in advance, we will give one ticket, and to persons paying six months in advance we will give two one-dollar tickets for any of the following big shows at the Ogden theater:

"The Great Divide" tonight (Friday) evening, March 18th.  
Charles B. Hanford, March 23rd.  
Otis Skinner, March 24th.  
"The Lion and the Mouse," March 26th.  
MacIntire and Heate, on March 30th.

All are first-class shows. We give you two one-dollar tickets for each six months' subscription paid in advance. If you want a better seat, for instance, a box seat, you can pay the difference in cash.

Remember this offer is open to old and new subscribers. The opportunity to present to the congregation two young boys, Joseph Falk, aged 13 and Dale Newton, aged 11, each of whom contributes daily to the support of foreign missions, the first by giving 2 cents and the second by giving 1 cent every day in the year. Both boys earn the money through their individual efforts.

**Advancement Gained.**  
After the series of addresses on the program had been completed Rev. T. Onada started his picture machine and threw on the sheet a number of hand-painted scenes of fair Japan, showing the necessity of missionary and educational work in his native country.

Then the representatives of the various churches held a conference at which steps toward arranging a campaign of effort to assist the missionaries in their far-off field of labor were taken and when finally the congregation disbanded every one having the good of the Laymen's missionary movement at heart was thoroughly satisfied that considerable advancement in the "World Movement" of evangelization had been gained.

## Turkish Bath Quick Cure for Eczema

Itching Stops, Sores Vanish, Costs But a Few Cents.

The Robinson Thermal or Turkish Bath has a remarkable effect on eczema, and all skin troubles. A tremendous amount of poison is extracted from the system through the pores, whenever a Robinson Thermal Bath is taken. Cases have been known where eczema or a bad case of pimples and boils have been almost entirely cured after a twenty-minute bath, taken at home. The terrible itching and burning stops, the blotches heal, and the disease disappears.

Remarkable results occur in nearly every case of rheumatism, lumbago, kidney and blood troubles, dyspepsia, throat and lung trouble, nervous prostration, insomnia, and constipation.

Robinson Thermal Baths can now be taken at home at the cost of but a few cents each, and with almost no trouble at all.

The Robinson Thermal Bath Cabinets are a remarkable invention. They are now on exhibition and for sale in Ogden at Wm. Driver & Son Drug Co. If you cannot go and see these Robinson cabinets, send your name and address to the Robinson Manufacturing company, Suite 38, Snowflake, Idaho, Toledo, Ohio, for full illustrated information, free.

## TOLSTOI CIRCLE PROVIDES SOCIAL

At the usual semi-monthly entertainment given by the various ladies' clubs and societies of the city to the inmates of the State Industrial school at the institution last night an elaborate program of vocal and instrumental music was given under the auspices of the Tolstoi circle, in addition to the opening address by Mrs. Miller and recitations from several of the ladies and gentlemen interested in the entertainment.

Mrs. Edwards presided at the entertainment last night and a general good time was had by all present. Following is the program: Opening address, Mrs. Miller; violin and piano duet, by the Misses Laird; song, by Master Royal; recitation, by Mrs. King; song, by Miss Myrtle Kuhn; song, Ruth and Sidney Winter; piano solo, Mrs. Johnson; solo, Miss Hanner. The entertainment was well attended.

## NOTICE OF REMOVAL

Frank R. Watkins' grocery has been removed to 215 Twenty-fifth street, just east of the old stand in the new brick building.

## Citizens of Ogden

Boost for your city by using OGDEN MADE FLOUR—it costs you no more and every sack you use is a boost for your town.

In this way you make a Chicago of Ogden. Ogden Milling & Elevator Co.

## AWAIT DAWN TO LYNCH NEGROES

Marion, Ark., March 17.—Threatening vengeance upon every negro in town, a mob of 200 armed citizens has locked in jail two negroes, alleged jail breakers, who they declare they will lynch at daylight.

At midnight, none of the negroes had been lynched, but leaders of the mob declare they will hang the eight negroes who broke jail tomorrow before daylight.

The sheriff was sent home early in the night and not a deputy sheriff is to be found. The town is entirely in the hands of the mob.

The lynching was staged solely to secure a full confession from the men brought from Memphis, Tenn., early tonight according to the declaration of the mob leaders. The jail delivery took place Monday night, twelve prisoners escaping.

Ropes were thrown about the negroes' necks and they were dragged through the principal streets of the town.

Shortly before midnight the mob locked its prisoners in the Marion jail leaving a heavy guard in charge. A number of negroes found on the streets were badly beaten.

## EXPLORER FROZEN OUT IN SOUTH

New York, March 17.—Commander R. E. Peary has cut short his lecture tour in the south. The failure of Governor Brown of Georgia to introduce him to an Atlanta audience last night, his reference to the commander in an interview as a "fakir" and the small crowd that attended the lecture, brought forth an announcement from the civic forum in New York to day under whose auspices Peary is lecturing, that his plans have been changed.

## MEDICOS STILL BELIEVE IN COOK

Omaha, Neb., March 17.—The Missouri Valley Medical association persists in believing Dr. Frederick Cook discovered the north pole. The members in session here today, after a lively debate, refused emphatically to rescind resolutions congratulating the explorer which had been adopted before Cook's claims were repudiated by the University of Copenhagen. The association is composed of doctors from Missouri, Iowa, Nebraska and Kansas.

## KHARTOUM TELLS TEDDY GOODBYE

Khartoum, March 17.—Col. Roosevelt today gathered the remaining members of his African expedition around him at luncheon in the palace and there were many expressions of friendship before farewells were said.

The ex-president tried to make the affair as lively as possible, but he was considerably moved when it came to shaking hands with those whom he is not likely to see again. He expected the great admiration for Capt. Cunningham's strenuous labors and those of the naturalists. No one regretted more than he, said the ex-president, that the hunting party was now to split up.

Miss Martha Berry, head of a school for poor white boys near Rome, Ga., has just succeeded in raising the \$50,000 necessary to secure an equal sum from Mrs. Russell Sage and Andrew Carnegie. This school grew out of a little Sunday school that Miss Berry started in the mountains of Georgia about ten years ago. The school now owns 1000 acres of land, a large part of which is under cultivation and several good buildings. It has 150 pupils and fifteen teachers. The \$100,000 will be used as an endowment fund.

## S.S.S. FOR RHEUMATISM

Rheumatism is in reality an internal inflammation; a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. The disease is caused by an excess of uric acid in the blood, which comes from indigestion, weak kidneys, constipation, and other irregularities of the system. This uric acid produces an inflamed and acid condition of the blood, and the circulation, instead of nourishing the different portions of the body, continually deposits into the muscles, nerves, joints and bones the painful and torturing symptoms of Rheumatism. We do not claim for S. S. S. that it is anything more than a first class blood purifier, and that is just what is needed to cure Rheumatism. S. S. S. goes into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause of Rheumatism. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every portion of the body, and permanently relieving the suffering caused by Rheumatism. S. S. S. is purely vegetable and will not injure the most delicate system. Book on Rheumatism and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## TRANSFER TRIAL OF FRAUD CASE

Washington, March 17.—The contest involving the validity of title to the Cunningham coal claims in Alaska was transferred today when the examination of witnesses in this case was begun before U. S. Commissioner McGee.

Horace Tillard Jones, special agent of the general land office occupied the stand today, his testimony relating to the evidence he and L. R. Glavis collected from the Cunningham entrymen.

An echo of the Ballinger-Pinchot investigation was injected into the proceedings by an inquiry from E. C. Hughes, chief counsel for the claimants referring to the sensational statement made by Mr. Jones before the congressional committee, that James M. Sheridan, in charge of the government's case, physically had thrown the case away by allowing counsel for the claimants to examine evidence collected by agents of the land office.

## Maybray Trial Nearing Close

Councils Bluffs, Iowa, March 17.—One witness for the defense is to be heard Friday morning in the case of J. C. Maybray and his associates, as which arguments will commence, both sides having practically finished their cases at tonight's session of the federal district court.

Arguments will last until Saturday noon, each side having been given five hours. Motions for the dismissal of all the defendants on the ground that the government has failed to prove a conspiracy, were over ruled tonight.

## SAVE THE EASTER EGGS

Supplement issued by The Evening Standard on Saturday, March 19th, and teach the children to color their own eggs.

## BAKER GETS DIVORCE ON CROSS-COMPLAINT

Salt Lake, March 18.—J. A. Baker was granted a divorce from Pauline Baker in Judge Morse's division of the district court Thursday upon his cross-complaint, which charged his wife with desertion and misconduct. Mrs. Baker charged her husband with failure to support and cruelty, but failed to appear Thursday, so Judge Morse dismissed her complaint and granted Baker a divorce on his cross-complaint.

They were married at Baker City, Ore., December 2, 1890, and have three children, two girls, aged 16 and 17 years, and a boy, aged 4. Baker was awarded the custody of the boy. He testified in court that he wanted his daughters to attend school, but that his wife refused to permit them to do so, and allowed them to go on the stage and sing at picture shows. He also claimed that she permitted the girls to smoke cigarettes and associate with men of low character.

Baker exhibited some pictures which his wife had hanging in her home, all of which were of a rather spicy nature. He also testified that when he secured employment at Bingham Junction, over a year ago, and asked his wife to go with him to keep house she refused to go. Later he secured employment at Helper, but again his wife refused to go with him.

## BRIGHAM BEET RAISERS SLOW IN SIGNING

Brigham, March 18.—During the past week Messrs. David Pingree of Ogden and William Lowe of Willard, representing the Amalgamated Sugar company at Ogden, have been in this city making contracts with the beet growers of this city and vicinity for the coming season. A meeting was held in the city council chambers, but was not very well attended. Between ninety and one hundred acres were contracted for. Messrs. Pingree and Lowe promised the growers that everything possible would be done for them this season in the way of providing better facilities for loading the beets.

Last season's beets were not all hauled out of the field until after January of the present year, and the farmers claim that this delay and inconvenience of digging beets out of the deep snow was due to late notice to dig the beets and a lack of cars to load the beets onto.

While here the representatives of the sugar company visited the Watery lane at the crossing of the Oregon Short Line, with a view of procuring a site for a spur and loading platform for the accommodation of the beet growers north of the city, who have hitherto been compelled to haul the beets to the depot, a distance ranging from two to four miles for the different farmers.

## MORGAN HOMESTEAD.

New York, March 18.—The old J. Pierpont Morgan homestead at Woodlands Lake, only a few miles north of the best section of New York City, is to be turned into a park. For many years the property has been rented to a dairyman.

## NOTICE OF A STOCKHOLDERS' MEETING
